

Tupperware® Weddings

A Wedding Table Presentation Competition

Kasalang Filipino, besides supporting the local wedding industry, is also eager in promoting diversity when it comes to weddings and preparations in the Philippines. While still holding on to some traditions that contribute a lot to the richness of Philippine Weddings, it is never afraid to try new things out, consider innovations, and eventually inspire some couples who want to think outside the box.

That is why, when it comes to dealing with the preparations, the use of new and ground-breaking materials is never frowned upon. In fact, it is something that is encouraged as it is through brave attempts great discoveries usually rise from. Realizing this important point, Kasalang Filipino would like to hold a **Wedding Table Presentation Competition** in partnership with Tupperware Philippines.

Tupperware has been known in the country for almost 48 years. It is known for its plastic storage containers that are built to last. In fact, these plastic wares have been regular items in Filipino households.

What if you are asked to use Tupperware products for your wedding table? How far can you go?
